SETTLEMENT AGREEMENT

For the purpose of settling this action without any further judicial proceedings, and without there being any trial or final adjudication of any issue of fact or law regarding this action, and without constituting an admission of liability upon the part of either party, and for no other purpose, the parties hereby stipulate as follows:

1. On October 28, 2011, Alan Gross, the original named plaintiff in this action, who was then employed as a permanent part-time field representative at the United States Department of Commerce's Census Bureau (Census Bureau), filed an initial complaint on behalf of himself and all others similarly situated who were employed by the Census Bureau as permanent part-time field and senior field representatives during the time period between May 2003 and the present.

2. Plaintiff alleged that he and others similarly situated were regularly scheduled to work and did perform work on Sundays and that they were therefore entitled to receive "Sunday premium pay" pursuant to 5 U.S.C. §§ 5546(a) for such work. Plaintiff further asserted that he and others similarly situated did not receive such pay, and sought back pay dating back to May 2003.

3. In a decision dated October 31, 2016 (Decision), the Court held that the six-year limitations period in 28 U.S.C. § 2501 applied to plaintiffs' claims. The Court dismissed plaintiffs' claims for premium pay accruing for Sundays before October 28, 2005.

4. The Decision granted summary judgment for plaintiffs on their claims accruing on or after October 28, 2005.

5. The Decision determined that the class in this case should be limited to "part-time Field Representatives and Senior Field Representatives employed by the Census Bureau – from October 28, 2005 to the present – who performed non-overtime work on a Sunday and did not receive Sunday premium pay for that work under 5 U.S.C. § 5546(a)." The Decision further certified an opt-in class (Class), and appointed Arlene F. Boop of Alterman & Boop as Class Counsel (Class Counsel).

6. By order dated December 21, 2016, the Court approved a notice period of 100 days from the date of the mailing of notices. Based on the date of mailing, the original opt-in deadline was August 27, 2017. By order dated September 22, 2017, the Court approved a notice to a limited number of potential class members containing an extended opt-in deadline of October 26, 2017.

7. To identify potential members of the class, defendant identified part-time field representatives and senior field representatives employed by the Census Bureau who performed non-overtime work on one or more Sundays during the period of October 28, 2005 to October 31, 2016.

8. Plaintiffs thereafter proposed and defendant consented to the use of Rust Consulting as Class Administrator (Administrator) for the Class. The Administrator mailed official notices approved by the Court to the employees and former employees identified as potential class

members by the Census Bureau. Thereafter, 3,487 individuals (including heirs and estates of deceased individuals) whose names were identified as potential class members on the list prepared by the Census Bureau timely opted-in to join this class action lawsuit. The time to opt-in has expired.

9. Only those 3,487 individuals who timely opted-in with the Administrator are class members (Class Members). "Plaintiffs," as used in this agreement, refers to these 3,487 Class Members, including the named plaintiff.

10. Effective March 29, 2020, the Census Bureau began paying Sunday premium pay to plaintiffs for non-overtime work performed on Sundays.

11. Plaintiffs and the United States have entered into discussions to attempt to resolve all claims contained in the complaints for Sunday premium back pay and interest, as well as claims for attorney fees and expenses, and claims for fees and costs incurred in the administration of this opt-in class action, with respect to the 3,487 Class Members.

12. As a result of these discussions, plaintiffs have offered to settle all of their claims in this action in exchange for total payment by the United States of $12,613,974.20 (Settlement Amount) to the Administrator for deposit into the Settlement Trust established pursuant to paragraph 15. The Settlement Amount is inclusive of all damages, including but not limited to Sunday premium back pay, interest, attorney fees, costs, and expenses; expenses of the Administrator; and applicable employer taxes. The Settlement Amount is itemized as follows: (1) $12,018,087.72 (back pay to the end of March 2020 and applicable interest to the end of December 2020, inclusive of 30 percent attorney fees); (2) $78,865.23 Class Counsel's costs and expenses); (3) $32,156.00 (unpaid expenses of the Class Administrator) + $484,865.25 (employer's share of payroll taxes).

13. Following the Court's order granting final approval of the settlement, as described in the "Fairness Hearing" portion of this agreement, the United States shall pay the total Settlement Amount, $12,613,974.20, minus any offsets required by law, to the Administrator for deposit in the Settlement Trust established pursuant to paragraph 15.

14. Upon satisfaction of all of the terms set forth in paragraph 12, plaintiffs release, waive, and abandon all claims against the United States, its political subdivisions, its officers, agents, and employees, arising out of the complaint or otherwise involved in this case relating to Sunday premium pay, regardless of whether they were included in the complaint, including but not limited to any claims for costs, expenses, attorney fees, and damages of any sort related thereto. The parties agree that, unless otherwise specified herein, the United States' obligations and duties to plaintiffs under this agreement will be fully satisfied upon payment by the United States of the Settlement Amount to the Administrator as set forth in paragraph 12. The United States makes no warranties, representations, or guarantees concerning any disbursements the Administrator makes, or fails to make, to any potential claimants.

Disbursement of the Settlement Amount

15. The Administrator shall establish a Settlement Trust, as defined by 26 C.F.R. § 1.468B-1, designated the "Gallimore Class Qualified Settlement Trust" (Settlement Trust), to disburse the Settlement Amount as set forth in paragraphs 16, 17, and 18. The administration and maintenance of the Settlement Trust shall be the sole responsibility of the Administrator.

16. The Administrator may retain $32,156.00 of the Settlement Amount for its as-yet unpaid services, as approved by the Court. In accordance with paragraph 18, the Administrator shall disburse (a) $6,220,627.40 to the Class Members, representing their net payments after reduction of attorney fees and estimated taxes, as set forth in Attachment A, (b) $3,684,287.90 to

Class Counsel (30 percent attorney fees = $3,605,422.67, plus Class Counsel's incurred expenses and costs = $78,865.23).

17. In accordance with Schedule A, the Administrator shall withhold from each Class Member's individual settlement payment, Federal, state, and local taxes owed by that Class Member, as required by law and estimated in Attachment A, for a total for all Class Members of $2,192,037.65. The Administrator shall timely remit such withheld funds, plus employer's contributions for OASDI and Medicare on back pay, estimated at $484,865.25, to the appropriate Federal, state, and local authorities and shall report such withholdings and remissions to the appropriate authorities in the manner and form required by law. The Administrator shall timely provide each Class Member it pays with the appropriate documentation of the submissions and remissions.

18. No later than 45 calendar days from the date it receives the Settlement Amount from defendant, the Administrator shall mail the amounts identified in paragraph 16, minus the deductions described in paragraph 17 and any other offsets required by law, to each Class Member at their last known address. The completed, appropriate tax forms, including Internal Revenue Service (IRS) Form W-2 and IRS Form 1099 shall accompany payments to the Class Members.

19. If a Class Member's settlement check is returned as undeliverable, the Administrator shall make a reasonable attempt to locate a mailing address for that Class Member and re-mail the check once, but only if the check is returned within 45 calendar days of the date it was mailed. In the event the Administrator is unable to locate a valid mailing address within 20 days after receipt of a returned check, the amount designated on that check shall be returned to the United States as provided in paragraph 21. In the event a Class Member loses, destroys, or is

unable to take possession of a settlement check, the Administrator shall void the original check and then reissue a new check to the Class Member, but only if a request to reissue the check is made by mail or email and, if by mail, is postmarked by the Class Member within 90 calendar days of the issuance of the original check. Any such request must be sent by mail or email to the Administrator.

20. If any settlement payment check or reissued payment check remains uncashed 90 calendar days after issuance, that check shall be void, and the amounts represented by that uncashed check shall be returned to the United States, as provided in paragraph 21.

21. After disbursing the amounts listed above, but no later than 215 calendar days after the date the Administrator receives payment of the Settlement Amount from defendant, the Administrator shall return any undisbursed funds to the United States, with a cover letter attaching this settlement agreement and identifying the amount returned pursuant to this paragraph. The letter and any returned amount shall be addressed to: Department of Justice, Civil Division, Attn: Director, National Courts Section, P.O. Box 480, Ben Franklin Station, Washington, D.C. 20044. At the same time the Administrator shall provide the parties, through the parties' attorneys of record in this matter, with a full and final written accounting of all payments made from the Settlement Trust, including any funds returned to the United States. In addition, the Administrator shall promptly file any applications for refund of taxes paid on award amounts which were reverted to the Defendant, and any funds subsequently received by the Administrator as a consequence of such applications made by it for refund of taxes shall be returned within 15 days of receipt with a cover letter identifying the amount returned and the individual and jurisdiction on whose behalf taxes have been refunded.

22. If Class Members have any disagreements or concerns regarding the calculation and withholding of taxes, the Class Members shall resolve these concerns with the Administrator. The United States will have no role or obligation in calculating, withholding, or confirming the applicable taxes for each Class Member.

23. Class Members shall be responsible for remitting to state and Federal taxing authorities any taxes due other than the amounts withheld from their wages and the amount of the employer's contribution. Class Members shall hold the defendant, Class Counsel and the Administrator harmless, and shall indemnify the defendant, Class Counsel, and the Administrator for any liabilities, costs and expenses, including attorney fees, assessed or caused by any such taxing authority relating in any way to any taxes due as a result of this agreement.

Approval Of The Settlement Proposal

24. As soon as possible and in no event later than 30 calendar days after the execution of this agreement, Class Counsel shall submit to the Court a motion for preliminary approval of the settlement contemplated by this agreement, pursuant to RCFC 23(e)(2). The motion shall include (a) a copy of this executed Settlement Agreement; (b) the proposed form of the order preliminarily approving this agreement, and (c) the proposed forms of notice of the settlement to Class Members by postcard notice to be mailed by the Administrator, by email to the extent the Administrator has email addresses, and on the website maintained for this case by Class Counsel. Class Counsel's motion may also include an application for an award of attorney fees pursuant to RCFC 23(h), no greater than thirty percent (30%) of the back pay and interest amount to be paid by the United States to the Settlement Trust. Defendant agrees that it will not oppose Class Counsel's motion for an award of attorney fees if such application does not exceed a request for

thirty percent (30%) of the back pay and interest amount to be paid by the United States to the Settlement Trust.

25. Within 15 calendar days of the Court's preliminary approval of this settlement and of the proposed notice to the Class Members of the terms of this settlement, the Administrator shall notify all Class Members by postcard and email of the terms of this settlement, the procedures for allocating and distributing funds paid pursuant to this settlement, the date upon which the Court will hold a fairness hearing pursuant to RCFC 23(e)(2), and the date by which Class Members must file their written objection, if any, to the settlement. The date of the Administrator's email notification to Class Members shall constitute the Notice Date.

26. Any Class Member may object to the proposed settlement. If a Class Member objects to the settlement, such objection will be considered by the Court only if received no later than 30 calendar days following the Notice Date. The objection shall be filed with the Court, with copies provided to Class Counsel and defendant's counsel, and the objection must include a signed statement that (a) identifies the case name and number, (b) describes the basis for the objection, including citations to legal authority and evidence supporting the objection, (c) contains the objector's name, address, and telephone number, and if represented by counsel, the name, address, email address, and phone number of counsel, (d) indicates whether the objector has filed a claim form and opted in to the case, and (e) indicates whether the objector intends to appear at the fairness hearing.

27. Class counsel and defendant's counsel may respond to any objection within 30 calendar days after receipt of the objection.

28. Any Class Members who submit a timely objection to the proposed settlement may appear in person or through counsel at the RCFC 23(e)(2) hearing and be heard to the extent

allowed by the Court. Any Class Members who do not make and serve written objections in the manner provided in paragraph 26 shall be deemed to have waived such objections and shall forever be foreclosed from making any objections (by appeal or otherwise) to the proposed settlement.

29. After the deadline for filing objections and the responses to objections has lapsed, the Court will hold a final approval hearing at which it will consider any timely and properly submitted objections made by Class Members to the proposed settlement. The Court will decide whether to approve the settlement. The parties shall request that the Court schedule a final approval hearing no later than 75 calendar days from the Notice Date.

30. If this settlement is not approved by the Court in its entirety, this settlement agreement shall be void and of no force and effect whatsoever.

Wrap-up Of Settlement Trust And Conclusion Of The Case

31. Within fifteen business days of the date the accounting provided for in paragraph 21 is sent to the parties, the parties shall confer to determine whether they are satisfied with the accounting. If not, they shall attempt in good faith to resolve any dissatisfaction with the Administrator. If either party is not satisfied after such good faith efforts, either party may petition the Court to resolve the matter.

32. After the parties agree that they are satisfied or after the Court resolves any dissatisfaction, the Class through Class Counsel shall promptly stipulate jointly with defendant to the dismissal of this case with prejudice.

Miscellaneous Terms

33. This settlement agreement is for the purpose of settling this case, and for no other purpose. Accordingly, this settlement agreement shall not bind the parties, nor shall it be cited or

otherwise referred to in any other proceedings, whether judicial or administrative in nature, in which the parties or counsel for the parties have or may acquire an interest, except as is necessary to effectuate the terms of this agreement.

34. The plaintiffs warrant and represent that no other action or suit with respect to the claims advanced in this matter is pending or will be filed in or submitted to any other court, administrative agency, or legislative body, other than to enforce this agreement. The plaintiffs further warrant and represent that they have made no assignment or transfer of all or any part of their rights arising out of or relating to the claims advanced in this suit. Should there be now or in the future any violation of these warranties and representations by any plaintiff, any amount paid by the United States pursuant to this agreement to that plaintiff shall be refunded promptly, together with interest thereon at the rates provided in 5 U.S.C. § 5596, computed from the date the United States makes payment.

35. This settlement agreement sets forth the entire agreement of the parties with respect to the subject matter hereof as to all Class Members. No modification or addition to this agreement or waiver of any right herein will be effective unless it is approved in writing by counsel for the parties and by the Court. The parties agree that each fully participated in the drafting of this settlement agreement.

36. In the event that a party believes that the other party has failed to perform an obligation required by this settlement agreement or has violated the terms of the settlement agreement, the party who believes such a failure has occurred must so notify the other party in writing and afford it 45 calendar days to cure the alleged violation, prior to initiating any legal action to enforce this settlement agreement or any of its provisions.

37. The parties agree to cooperate fully with each other and the Administrator to effectuate this settlement and to resolve any matters that may arise with respect to effectuation or interpretation of the settlement that are not expressly resolved by this settlement agreement.

38. Plaintiffs' counsel represents that they have been and are authorized to enter into the agreement on behalf of plaintiffs.

39. This document constitutes a complete integration of the agreement between the parties and supersedes any and all prior oral or written representations, understandings or agreements among or between them.

40. The Court shall retain jurisdiction until all terms of the settlement agreement are satisfied in order to enforce compliance with the terms in the approved settlement agreement.
